

check_empty_line

```
graph LR; A[check_empty_line] --> B[fd_error]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'check_empty_line'. The right box is white with a black border and contains the text 'fd_error'. The blue arrow points from the right side of the gray box to the left side of the white box.

fd_error
